

If you are new to Honors Chemistry at FSWCHS, then first of all: Welcome! I'm Blake Schmidt, I'm your Chemistry teacher, and I want to change the way you see the world!

You should begin with the Syllabus. Read it, Know it, Love it!

Next, print out the Student/Parent Agreement and sign it. Then have a parent sign it and submit it to me, ASAP.

\*the Student/Parent agreement is page 2 of this document\*

Give the website a go. Happy Exploring! [fswchs.weebly.com](http://fswchs.weebly.com)

If you have any questions, stop by after school. I'll be happy to get you up to speed.

## **Honors Chemistry Student/Parent Agreement**

I agree to abide by the classroom policies as described in the course syllabus and lab safety agreement. I am aware that failure to follow these guidelines may result in a failing grade and/or disciplinary action. Parents, please sign below to confirm that you have perused the syllabus and resources on the course website, such as Remind. Please ensure your son/daughter understands the lab safety agreement and the expectation to maintain a safe and productive lab environment.
