

# Participation Guidelines

## Students will exhibit these behaviors/actions:

- You maintain a notebook complete with notes and homework \*SC + Grit
- You think critically before speaking/presenting \*SI
- You make detailed observations \*C
- You give your undivided attention \*SC + SI
- You attempt to complete all example problems \*O + SC
- You present whiteboards effectively \*Z + SI
- You clean-up after yourself AND others \*Grat
- You work well with your lab partners \*Z + SI
- You improve your skills and abilities \*Grit
- You help others understand \*Grat
- You share when appropriate \*SC + SI
- You add unique perspectives \*Z + C
- You arrive prepared (e.g. supplies in hand and homework complete) \*SC
- Others value your ideas/observations \*Z + C

Zest	Social Intelligence	Optimism	Grit	Self Control	Gratitude	Curiosity
------	---------------------	----------	------	--------------	-----------	-----------

## The following behaviors/actions will result in less than full credit:

- You neglect to take notes or do example problems
- You're not prepared (e.g. no calculator, Expo markers or notebook)
- You are distracted by other activities (e.g. math homework, reading a book, drawing anime, snapchatting)
- You neglect to clean-up or put stuff away (e.g. your chair is left out)
- You do not follow directions
- You play with or break lab equipment
- You repeat mistakes made previously
- You pose a danger to yourself and others during lab
- You do not respect your lab partners or classmates
- You appear more interested in having fun than in learning

**\*Students that do not do example problems for homework will earn a zero.**

Remember, we need you. Your opinions/ideas/observations are important and need to be shared to help you and others understand. A team never succeeds when its players just show up and go through the motions.
